In re Application of
Wirges et al.
Application No.: 10/567,296
PCT No.: PCT/US2004/025506
Int. Filing Date: 06 August 2004
Priority Date: 06 August 2003
Attorney Docket No.: 8470-000086/US/NPB
03-0027/US1
For: Interlocked Vibration Reduction Mount

DECISION

This is with regard to the "Second Request For Reconsideration" filed on 14 November 2008, which is being treated as a renewed petition under 37 CFR 1.181.

DISCUSSION

In a Decision mailed on 16 September 2008, the petition filed on 08 August 2008 was dismissed, without prejudice, because applicants were found not to have provided appropriate docket records. In response, petitioner now presents docket records which are characterized as showing all matters due in August 2006. Based on the totality of the evidence currently of record, it would now be appropriate to conclude that all of the requirements for the requested relief have been satisfied. Accordingly, the Notification of Abandonment mailed on 11 December 2007 is hereby VACATED, and the holding of abandonment is hereby WITHDRAWN.

DECISION

The petition is GRANTED.

This application is being forwarded to the Office of Patent Application Processing for continued processing, including the preparation and mailing of a new Notification of Missing Requirements (Form PCT/DO/EO/905) requiring the submission of an oath or declaration compliant with 37 CFR 1.497(a) and (b) and the surcharge under 37 CFR 1.492(h).
